Charging Description

Precautions

Charging

- This product needs to be placed in the charging dock for charging. Before using the product for the first time, please charge it fully. Align the anal plug main unit correctly into the charging dock, and then insert the provided USB charging cable into the charging port of the dock. During normal charging, the indicator light will flash; when the battery is fully charged, the indicator light will stay on continuously. Before use, ensure the product is cleaned properly. Wipe the contact areas with warm water or a specialized cleaner, and gently dry with a towel.

Lubrication

- Apply a sufficient amount of lubricant on the device or the body to ensure a healthy and pleasant experience.

Skin Conditions

- This product should not be used on swollen or inflamed skin areas to avoid injury or exacerbating discomfort.

Cleaning After Use

- After each use, rinse the product with warm water and antibacterial soap, then rinse thoroughly with clean water. Do not immerse the entire device in water for cleaning. Finally, gently dry with a towel and place it into the charging dock.

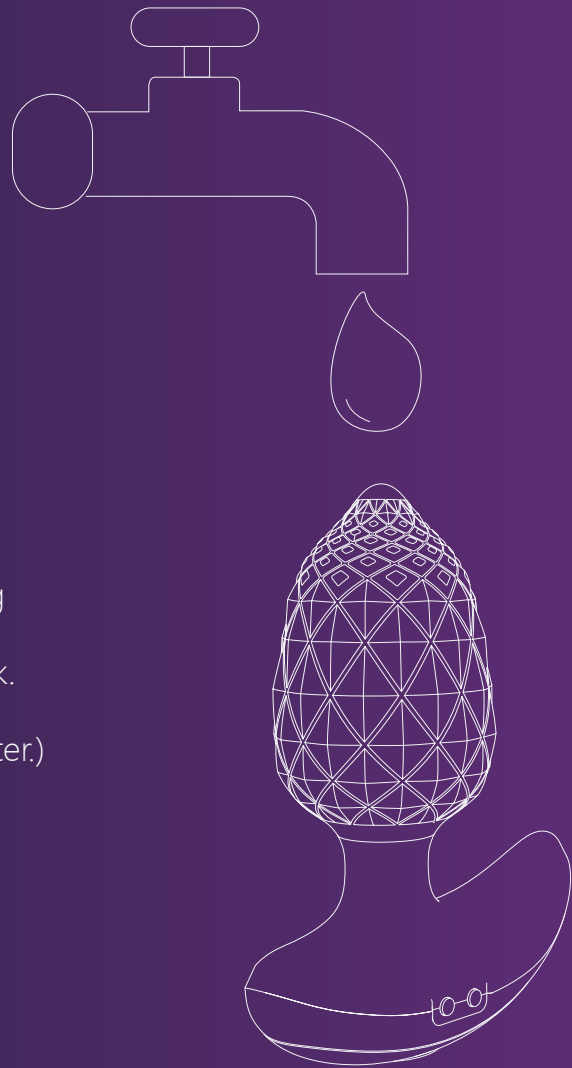

Safety During Charging

- The device cannot be operated while charging. Do not turn on the device during charging, and avoid charging near water sources.

Product Cleaning

After use, this product can be rinsed under a moderate stream of water. After rinsing thoroughly, ensure to dry the product completely, including the magnetic charging port, before placing it back into the charging dock.

(Note: Not suitable for soaking in water.)

Once the product is dry, it can be placed into the charging dock for recharging and storage.
